

Steve Twedt, P.E., F. NSPE

Mississippi's Candidate for NCEES Southern Zone Assistant Vice President

Serving the engineering/surveying profession as a member of a licensure board is an honor and a privilege. NCEES supports members in the performance of their duties as board members. I experienced this while attending NCEES meetings and through committee participation. When given the opportunity to represent a professional society or any other organization, I believe in fully accepting the responsibilities of the office and doing the work. I appreciate your consideration as a candidate for Assistant Vice President of the Southern Zone. If elected, I will be committed to the duties of the office.
